

Grace Yan, Mayoral Candidate

How do you believe the new proposed property tax incentives will incentivize investment in our city? Will you support the proposed residential property tax credit?

I believe that grants and incentives are important and engaging the community what further support heritage Calgary would require

What ideas would you bring forward in support of heritage in Calgary that are not included in our candidate package?

Have we consider (sic) placing plaques on Heritage sites or any building in our City to educate and to learn for both Calgarians and Tourists

Would you like to make any other closing comments pertaining to our city's heritage matters?

As Mayor, I believe Calgary should identify within their specific contexts the critical steps to maintain heritage sites, which may include the following:

- To undertake comprehensive surveys and mapping of the city's natural, cultural and human resources;
- To reach consensus using participatory planning and stakeholder consultations on what values to protect for transmission to future generations and to determine the attributes that carry these values;
- To assess vulnerability of these attributes to socio-economic stresses and impacts of climate change;
- To integrate urban heritage values and their vulnerability status into a wider framework of city development, which shall provide indications of areas of heritage sensitivity that require careful attention to planning, design and implementation of development projects;
- To prioritize actions for conservation and development;
- To establish the appropriate partnerships and local management frameworks for each of the identified projects for conservation and development, as well as to develop mechanisms for the coordination of the various activities between different actors, both public and private.

Heritage Calgary recently sent you a briefing package on heritage in the city, what we do and how we work with Council. If you didn't get it please let us know.

Please take our survey and let us know what heritage means to you and what you will do as a member of Calgary City Council for Calgary's history.

Thank you for you time and consideration. Heritage Calgary wishes you the best of luck on the campaign trail.

Heritage Calgary has put together a one stop resource for you to learn about everything you need to know about heritage in Calgary. This includes how sites are added to the Inventory, how municipal heritage designation works, existing incentives and grants and proposed conservation tools and incentives work including the residential tax credit.
